I have been overwhelmed by the community’s enthusiasm and dedication to raising funds so we can bring a youth mental health outreach service to Manningham. We are all thrilled to be working in partnership with headspace Hawthorn. I am very excited for ‘Disco Fever’ to hit Manningham on Friday 13 October. It is sure to be a fantastic evening of music and dancing, while also raising funds for a truly worthwhile initiative. Recently we launched Manningham’s new values (see below), as part of our commitment to becoming a more contemporary organisation. Throughout October, as a community we take part in a number of awareness campaigns and come together to recognise and celebrate our seniors, carers, children and history, while other activities remind us to support each other and to make healthy and safe choices. I encourage you to get involved in the many activities and events on offer. In this issue of Manningham Matters, we focus on the balance of city and country, in particular how the Manningham Planning Scheme zones land across our community.

One of my favourite things about Manningham is that everything is on our doorstep. So many of our iconic places and hidden treasures were captured and shared with us as part of the 2018 Manningham Community Calendar Photo Competition. This year so many quality images showcasing our community have been submitted. Entries have now closed and voting is underway at www.yoursaymanningham.com.au/photo-competition. Be sure to vote for your favourite photo by Sunday 22 October. The three winning photographs will be announced on Friday 27 October and a selection of photos will appear in the 2018 Manningham Community Calendar, which will be distributed in December.

As the weather warms up, now is the time to start planning and preparing for the fire season ahead, which we will talk about in detail in the next issue.

COMMUNITY SAFETY MONTH

Community Safety Month reminds us that we all have a role in making our communities safer. Council, in partnership with a range of local organisations, will be conducting workshops and events throughout October.

WALK TO SCHOOL MONTH

Walk to School Month is a fun and easy way for Victorian primary school kids to build healthy habits for life by encouraging kids to walk, ride or scoot to and from school this October. Well done to all the schools in Manningham that are taking part.

PARKING TECHNOLOGY

Manningham City Council aims to manage parking bays to ensure they are available and accessible for visitors, customers and residents.

Council is working in consultation with traders and residents to put in place parking restrictions based on local community needs – and in response to community concerns.

Drivers are encouraged to park responsibly, obey signage and avoid overstaying the time limits, which could result in a fine.

Vehicle Detection Technology is now in use in a number of shopping centres within Manningham.

Sensors have been installed in bays, which record the time a vehicle arrives. They are linked to digital equipment carried by parking officers, who are alerted when a vehicle has been in a parking bay beyond the time limit.

If a longer stay is needed, there are many off-street car parks conveniently located with longer or no time restrictions.

This technology replaces the ‘chalked tyre’ approach and will manage time-restricted street parking more accurately, consistently and efficiently.

The new technology aims to benefit everyone and improve availability of parking bays, in a fair and accessible manner, by allowing more people to visit local businesses and places of interest.

Balance of City and Country

“We are working to provide greater choice and diversity of housing for current and future generations while retaining the unique balance of city and rural lifestyle opportunities,”
- Warwick Winn
Chief Executive Officer

Directing Growth
These zones direct growth close to main roads and activity centres and provide housing choices near public transport and community services. This approach is in line with the State Government’s plan to accommodate Melbourne’s growth as the population approaches 8 million.

Council recognises that many residents are concerned by the rate of change in Manningham’s suburbs.

By way of background, by 2050, Melbourne’s population is expected to reach eight million. As a result, the State Government is planning for this rapid rate of growth and Plan Melbourne 2017-2050 looks to accommodate 70 per cent of new dwellings within Melbourne’s established areas.

As we all have to work within the State Government's expectation, our suburbs will evolve.

We need to carefully manage this change to retain the unique balance of urban and rural character, lifestyle and environment we value in Manningham.

For many years Council has been directing additional housing to areas that are close to main roads, public transport and services, which will deliver affordable, diverse and sustainable communities for the long term, in particular at Doncaster Hill.

This map demonstrates how the Manningham Planning Scheme is working to achieve this.

Chief Executive Officer

FOR MORE INFORMATION
The Manningham Planning Scheme zones land for particular uses such as residential, industrial, business and rural.

Protecting Rural and Environmental Areas
These zones apply to spacious residential and rural residential areas. Low density residential areas provide a buffer between urban areas and the Green Wedge, while the rural conservation zoned areas are generally rural in character with strong environmental value.

LET’S GROW

Community gardens are becoming popular, providing places where people come together to grow food, foster healthy habits and make friends.

These gardens create green spaces in our environment, support lifelong learning, help cultivate vibrant communities and improve access to fresh and nutritious food.

It’s no wonder that the appetite for community gardening in Manningham is growing.

While gardening is the focus, community gardens often become community hubs for a range of activities including learning and education, creative activities, community events and celebrations.

If you are interested in gardening check out Home Harvest, Council-run monthly home gardening seminars.

Living and Learning at Ajani is also looking to introduce a new community garden at Ted Ajani Reserve.

**YMCA MANNINGHAM CELEBRATES 25 YEARS**

Former Cambodian refugee Damien Ear will be the first to celebrate as YMCA Manningham marks its 25th birthday this October.

Damien arrived in Australia as a 15-year-old with his mother, three sisters, brother-in-law and uncle after living in a refugee camp in Thailand for over twelve months.

“My life experience was war, it disrupted everything. I lost half my family and I didn’t even finish primary school,” Damien recalled.

After arriving in Australia, Damien finished high school and then undertook further study in accounting and finance.

He worked as a clerk with YMCA Kew and moved across to the newly-formed YMCA Manningham in 1992.

Today, as the YMCA Finance Manager, Damien oversees the budget for Aquarena, Youth Services and Stadiums, as well as Foundation Y, the YMCA’s charitable arm that reinvests all profits back into local community programs.

Damien said he has been with YMCA from the beginning and feels proud to work in an organisation that serves the community.

“I never would have imagined as a refugee I would have been given such opportunities.”

“My idea was to come here and if I had enough to eat, I would be happy.”

“To now give back to the community, and have the community benefit from it, that’s the main thing,” he said.

We’re Listening

We’re interested in your feedback and learning more about what’s important to you in your neighbourhood. That is why Council is introducing regular Listening Posts.

The Listening Post will be held across different locations throughout Manningham to provide you with an opportunity to give feedback to Council or to get help with a specific enquiry or issue.

This will make it easier to raise any local issues directly with Council representatives, including Councillors and Council officers.

We encourage you to share your thoughts and ideas with Council so don’t be shy when you see us in your neighbourhood.
