Message from THE MAYOR

This week as a community we pause and reflect on the sacrifices made by those who have served in or are serving in military conflicts. ANZAC day is such an important day in Manningham. More details about the events and activities our three RSLs, in Doncaster, Templestowe and Warrandyte, will be conducting can be found on page 10.

One thing I always notice on ANZAC Day is how generations come together to share memories and acknowledge our service men and women. Our community is so diverse and it is lovely to see this intergenerational interaction, as Australian or family history is shared.

Likewise our new Citizen Connect Contact Centre also received a ‘Highly Commended’ award. These programs are just a couple of examples of how we are trying to make it easier for you to engage with Council.

In Manningham, we are really focussed on making sure our older generations stay healthy, social and active while feeling safe and confident in our community.

Signing the Victorian Age Friendly Declaration was just the beginning of our efforts to help our community encourage active ageing, discover more on page 4.

Last month we announced a new online service for planning permit lodgements and payments. I am thrilled to share that this project was awarded ‘Customer Experience Achievement of the Year’ at the Municipal Association of Victoria’s International Excellence in Technology Awards.

We want to help make Manningham a better place to live, work and visit.

We continue to advocate to the State Government to improve public transport services in Manningham, particularly investing in and improving the existing DART (Doncaster Area Rapid Transit) bus network. Find out more on page 7.

MANNINGHAM WINS MAV TECHNOLOGY AWARDS FOR EXCELLENCE

Manningham was awarded ‘Customer Experience Achievement of the Year’ at the Municipal Association of Victoria’s International Excellence in Technology Awards. This award was for our recently launched online service for planning permit viewing, lodgements and payments. Now if you are looking to lodge a planning application you can submit the application, pay and view its status online.

Our Citizen Connect Centre also received a ‘Highly Commended’ award in the ‘Customer Experience Achievement of the Year’ category. Citizen Connect is a series of projects to help make it easier for you to engage and do business with us.

Manningham CEO Warwick Winn said Manningham is committed to being a contemporary, connected and customer focussed organisation.

AGE FRIENDLY IN MANNINGHAM

Age friendly communities encourage active ageing. In Manningham, we want to provide more opportunities for our older residents to:

- Maintain good health
- Stay social and connected
- Use Manningham’s services, retail and hospitality venues, and
- Feel safe and confident about their personal security.

Have you ever wondered what you can do to optimise your own healthy ageing?

DEMENTIA-FRIENDLY COMMUNITY

A dementia-friendly community recognises that a person with dementia needs to continue to live and participate in the community. This can include employment, volunteering or social activities. Manningham has committed to be a Dementia Friendly City and has implemented the Inclusive Manningham: A Dementia Friendly City Action Plan 2017-2019 to reach this goal.

Educating the wider community about dementia is an important way to help reduce the stigma and dispel some of the common myths about dementia.

Dementia is not a natural part of ageing. Some of the risk factors associated with dementia can be managed through lifestyle changes or appropriate medical treatments. Many conditions have symptoms similar to dementia, so it is important not to assume that someone has dementia. Early and correct diagnosis can be helpful to ensure that the correct advice and strategies are provided to manage the condition.

MAKING A DIFFERENCE

MannaCare is offering fun and fellowship for older men and a safe connection to chat, reminisce and laugh for those living with dementia.

The group is making a real difference to the lives of residents and clients and it has unquestionably taken off since launching in September. Held weekly at Grevillea House, these gatherings have become an anticipated date in the calendar.

“What is unique about this particular program is that the methodology is based on stimulating senses and interaction in a group setting,” said facilitator Philip Green.

The men’s group discusses the day’s ‘topic’ with everyone getting a turn to share and discuss.

“The men are inspired through increased awareness of their potential to engage in a range of areas and improved confidence when communicating with other members.” said Philip

“We have received very positive feedback from partners of most group members, with all saying the group has help lift self-esteem, purpose of life and enjoyment of other ‘like men’ company.” CEO Ross Dawson of MannaCare said.

REVIEWING OUR PLANNING SCHEME

We are currently reviewing the Manningham Planning Scheme. Share your input to help guide future planning in our community.

The Manningham Planning Scheme sets the objectives, policies and requirements to guide land use and development in Manningham. It details where and how land can be used and developed and any restrictions in place.

We review the Manningham Planning Scheme every 4 years to ensure it addresses key land use and development issues across the municipality and implements current state and local planning policy.

Our review is covering five key themes:

- Neighbourhood character and residential development
- Transport, traffic and car parking
- Urban design and public spaces
- Activity centres and economic development
- Natural environment and Green Wedge.

The review will identify future actions to improve the planning scheme.

It is forecasted that by 2026*:

- The number of dwellings will increase by 10,000+
- The largest increase will be lone person households.

Planning for parking: have your say

On-street car parking is an important part of living in and getting around Manningham. We’re now reviewing our Parking Management Policy and want to hear from you.

Car spaces are shared community assets for all road users. You will find on-street parking in your local shopping strips and residential areas, as well as around schools, community facilities and in construction zones.

Our Parking Management Policy aims to facilitate appropriate parking, while maintaining safe and accessible streets in Manningham. This includes consistent and equitable management of Council owned parking areas, including on street areas, and applying restrictions in some of those areas.

To help inform the review of our Parking Management Policy, please visit yoursaymanningham.com.au/parking

Consultation opens Monday 30 April.

Bus Rapid Transit and DART Bus Enhancements

Manningham continues to seek firm commitments from the State Government to invest in and improve the existing DART (Doncaster Area Rapid Transit) bus network, and to provide for a high-capacity and high-frequency Bus Rapid Transit (BRT) link between the CBD and Doncaster.

As the only Melbourne metropolitan municipality without rail, Manningham relies on buses for public transport. The number of people using buses in Manningham continues to grow.

Today, over 16,000 people use the DART services every weekday, and since 2011, overall patronage on the 4 DART bus routes has grown by 51%. On weekends, patronage grew by 76%.

As part of Manningham’s Bus Network Review, we have highlighted the need for more DART and local bus services throughout the municipality, including a new service between Templestowe Village and Heidelberg.

We believe that larger capacity buses and greater prioritisation on the road is also required to cater for increased demand.

In the short to medium term, we are also advocating for a BRT service to help commuters from Manningham get into the city easier.

In the longer term, we are looking to preserve the Eastern Freeway median strip for future rail link options.

Reformer Pilates Combat Injury

Manningham local Mala Kumar, 64, is passionate about exercise. Not because it makes her fit and lean — although she admits that’s a great side benefit — but because it allows her to stay mobile and manage chronic back pain.

Mala was a nurse and injured her back at work when she was younger.

“I am stronger now than I was 30 years ago. That’s why I come to the gym,” she said.

Helping her along her path to health and fitness are the new reformer pilates classes run at Aquarena, Mala’s local gym. The new studio space was part of a $21.4 million upgrade to the Manningham Council owned and YMCA operated gym and aquatics centre in Doncaster.

“Pilates is an exercise that is a whole body work out. It’s not just one body area. It’s no good having the bottom half strong when your top half is not strong,” Mala said, adding, “I love it!”

Pilates instructor Jo Morgan said using the specialist machines makes the workouts more intense and dynamic than traditional mat-based classes.

“I love teaching it because it’s for every single age group, every single fitness ability and it brings people up to the next level.”

Mala said that pilates - first with her physiotherapist and now at Aquarena reformer classes - play a big part in keeping her active and strong.

“I understand I am getting old but I don’t want to end up on a walker. I will do anything and everything that I can. It’s a community. I’m very proud of it to be honest.”

Aquarena runs reformer pilates classes five times a week.

JUMPING CREEK ROAD UPGRADE SURVEY RESULTS

Late last year we invited local residents and community to tell us their comments and preferences on a footpath along Jumping Creek Road, between Yarra Road and Homestead Road.

Your feedback showed that the majority of people who responded want to:

- Retain the footpath along the north side of Jumping Creek Road
- Widen the path to 1.5m, rather than constructing a path on the south side of Jumping Creek Road.

Many people also commented on their preference for a sealed path, such as asphalt, to better cater for pedestrians of all abilities.

The feedback received will help inform the design of Stage 3 of the Jumping Creek Road upgrade. This includes the Wonga Park Township and area between Yarra Road and Homestead Road.

HOW CHANGES IN THE RECYCLING INDUSTRY WILL AFFECT YOUR WASTE RATES

Following China’s restrictions on certain recycling imports, recycling companies have recently introduced new fees for accepting recyclable material.

Previously recycling companies have paid councils for recyclable material. This money is used to offset the costs of Council’s waste collection service.

The State Government has announced a once off $13m support package for local governments to cover these new fees for the remaining financial year (until June 2018). From early-2018, councils will need to pay this fee to recycling companies to process our recyclable material.

We are currently reviewing the impact these unbudgeted costs will have on our waste collection service. We expect these new fees will add around $42 to the annual waste rates residents will pay in 2018/19.

As a Council, we think it’s important that you’re aware of these changes. However, this shouldn’t affect the way you recycle. Recycling is still cheaper (and more environmentally friendly) than sending waste to landfill.

HOW YOU CAN HELP

Your waste charge is based on the forecasted cost of collecting and disposing of your garbage, garden and recyclable material in Manningham.

Manningham Council is subject to penalties if recyclables collected are contaminated. Avoiding bin contamination is one of the key ways we can keep your waste costs down. You can help by making sure that your materials are placed in the correct bin.

Use our A-Z Waste and Recycling Guide online or in your Waste and Recycling Calendar to work out what to do with your items once you have finished with them.

NEED TO DISPOSE OF LARGER ITEMS?

Each year, residents are entitled to two hard rubbish collections which can include one of the following options:

- Two household hard rubbish (waste) collections, or
- Two household bundled garden waste (branches) collections, or
- A combination of one hard rubbish (waste) collection and one bundled garden waste branches collection.

Manningham Council provides a wide range of waste and recycling services.
