1. Community Development Grants

The Community Development Grant category enables not-for-profit groups and organisations to run programs that support the community in the short to medium term that align with the priorities outlined in Council plans and strategies. This includes activities that respond to the needs of Manningham’s diverse community with a focus on:

- individuals and community groups who experience social isolation or disadvantage
- older residents
- people with a disability
- young people
- culturally diverse communities
- women and children experiencing violence.

1.1. Objectives

Community Development Grants aim to:

- respond to a specific need in the community
- be inclusive and allow all members of the community to participate, including targeted responses that enable vulnerable individuals and groups to participate in local activities and opportunities
- foster an inclusive and harmonious community, drawing strength from difference and diversity
- enhance the health and wellbeing of the Manningham community
- support a safer and more resilient community
- encourage collaboration between Council, groups and organisations for the benefit of the community
- enhance community outcomes through organisational change or development such as capacity building and research.

Community Development Grant applicants must demonstrate how the activity will achieve **two** of the grant objectives above to be eligible for funding.

1.1.1. Funding details

Allocation	Funding between \$3,001 and \$20,000 is available. Allocations are for one financial year and are not recurrent. The total notional allocation is \$90,000 per annum.
Timing	There is one Community Development Grant funding round per year - available annually in February. Applications are presented to Council for endorsement in June.
Funding announcements	Applicants will receive notification of the outcome of their application within three weeks of Council making a decision. Successful applicants will be required to enter into a formal funding agreement (FASA). Applicants who are unsuccessful may request feedback from Council officers regarding why they were not successful and how the application may be improved for the future.

1.1.2. What types of activities might be funded?

Examples of Community Development Grant activities could include:

1. A mental health and wellbeing activity that will engage people at risk of social isolation through the delivery of a leadership project that enhances participant connections with their local community.
2. A partnership activity that seeks to reduce the incidence of family violence in Manningham.
3. An innovative initiative that will increase the community’s understanding of gender equity by delivering a series of interactive and informative workshops to drive cultural change.
4. An initiative that supports the most vulnerable in our community that provides enhanced access to food and other personal support.

2. Eligibility: Who can apply for a grant?

All grant applications are checked against the eligibility criteria. At this stage of the assessment process, anyone who is not eligible will be removed from the process.

Grant applications must be from:

- a not-for-profit constituted body such as an Incorporated Association or a Company by Limited Guarantee, or
- auspiced by an incorporated not-for-profit organisation that is able to accept legal and financial responsibility for the grant and activity, or
- a school. Schools are encouraged to partner with community groups in activities that benefit the wider community.

What does "Auspice" mean?

If a not-for-profit organisation is not incorporated or has limited organisational capacity, another eligible organisation can auspice on their behalf. In this context, the auspice organisation would receive the grant funding and have responsibility for ensuring that the activity is completed on time. A letter from the auspicing organisation that confirms the arrangement must be submitted with the grant application

In addition to the above criteria, organisations must also:

- be located or deliver activities within the City of Manningham
- have a public liability insurance policy for a minimum of \$20 million coverage
- determine legislative requirements related to the funded activity. For example, if the funded activity involves contact with children, a Working with Children Check may be required
- have no outstanding debts to Council
- provide an Incorporation Number
- provide an ABN or completed Statement by Supplier form
- complete a Project Plan (example page 10)
- complete an Evaluation Framework (example page 11)
- provide written quotes for all expenditure items over \$500 that are essential for the delivery of the activity. Goods and services to be provided by ABN registered suppliers and
- apply before the closing date.

Council's Community Grant Program also offers grants in the following categories: Arts, Festival and Events, Community Partnership and Small Grants.

Applicants may apply for a grant in more than one grant category each financial year however the application must be for a different activity. A separate application form for each grant category must be completed and submitted by the due date.

Late applications will not be accepted under any circumstances. For more information on application requirements please refer to the Checklist on page 14.

Funding in the annual grant categories is for one-off projects and activities, however requests for funding for a second year of a project or activity may be accepted in the Community Development category. To meet the criteria for second-year funding, applicants will need to demonstrate how the second year expands on the initial project and to demonstrate the need for additional funding.

2.1. Who is not eligible to apply?

Applicants will not be eligible for funding if they are:

- an individual
- a community organisation that is not incorporated, unless they partner with a not-for-profit incorporated organisation (“auspice”)
- a commercial organization.

What is an "Incorporated Association"?

Being incorporated refers to an organisation that has a legal identity of its own, recognised by State and Federal Government and is separate and distinct from the individuals who form the group. For more information visit www.consumer.vic.gov.au/clubs-and-not-for-profits/incorporated-associations

2.2. What will not be funded?

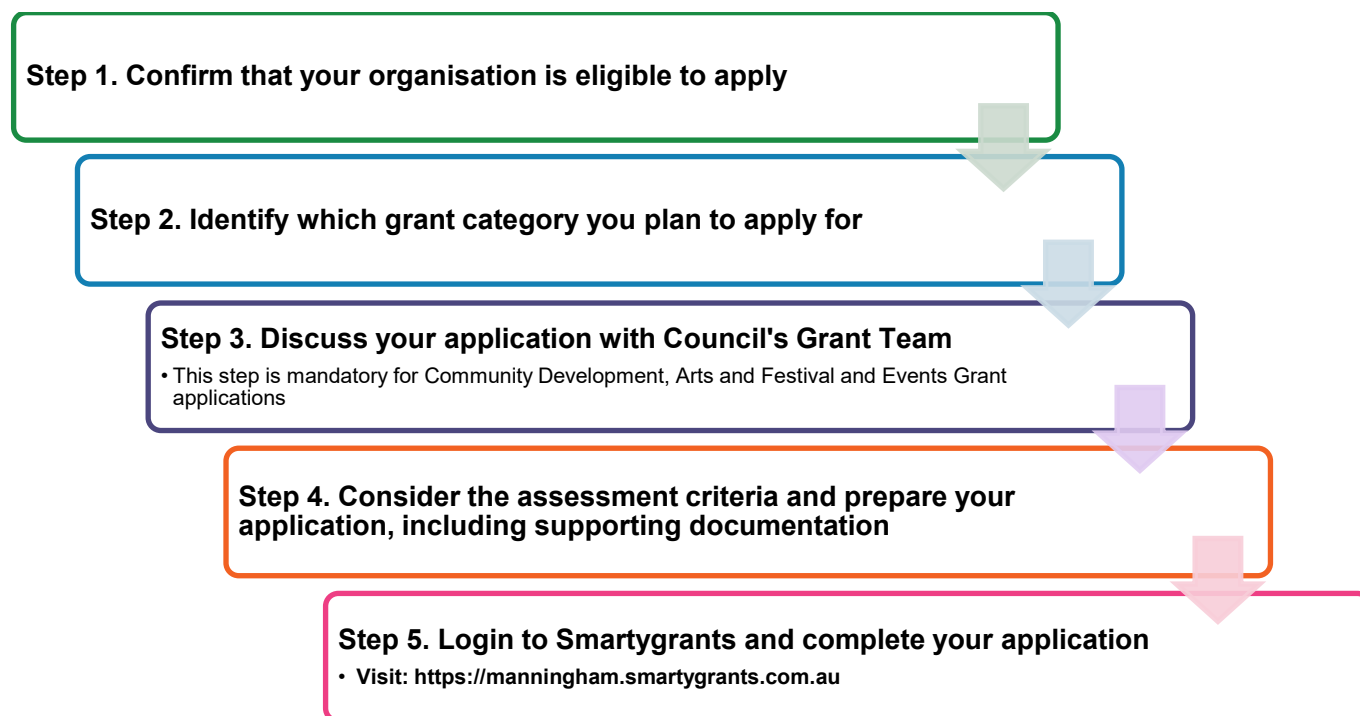

Applications will not receive funding if sought for equipment or activities that:

- are inconsistent with Council Plan priorities or Community Grant Program objectives
- are the responsibility of other tiers of government (e.g. State, Federal)
- that spend grant funding prior to signing of funding and service agreement (retrospective funding)
- have a religious or political purpose which seeks to promote core beliefs
- duplicate existing services/activities unless it can be demonstrated that it meets an unmet community need
- would normally be part of a reasonable operating budget for the organisation, i.e. staff salaries or administration (project management and administration costs for the grant-funded program may be accepted up to a maximum value of 20% of the grant value)
- are funded through other Council programs or activities, including grants and sponsorship programs
- are Council owned and run
- offer social outings and gatherings, unless it can be demonstrated it is a core part of the activity delivery
- provide catering, unless it can be demonstrated that catering is integral to the activity and not the sole purpose of the funding
- seek conference sponsorship ie: financial or technical support
- seek debt payment support
- support grant giving or fundraising programs
- are solely curriculum based (kindergarten, primary or secondary school). Only applications that demonstrate a broader community partnership approach will be considered
- are for fixed / permanent equipment, building maintenance or capital improvements (such as heating or cooling systems, shade sails, solar panels)
- are for the purchase of capital assets i.e. motor vehicles
- are listed as a sports club responsibility as set out in Council's Outdoor Sports Infrastructure Guidelines www.manningham.vic.gov.au/find-a-sporting-venue.

Please note: Council owned kindergartens / childcare centres / playgroups / toy libraries can apply to the Minor Capital Works Funding Program to request small refurbishments for building or playground works. For more information contact the Community Facilities Project Officer on 9840 9333.

Council's Grants Team is available to provide support to groups and organisations that require assistance with their grant application including advice on the proposal, how to apply online (SmartyGrants) or to request assistance with a translator/ interpreter.

The application form in Smartygrants will also be available in a Simplified Chinese version.
