

# Upcoming day works for North East Link

## Property dismantling works on Bulleen Road, Bulleen

### What we'll be doing

We will be dismantling vacant structures, removing materials from site, and securing the land ready for the next stage of construction.

This will involve:

- Securing the worksite with temporary fencing
- Implementing environmental controls including dust suppression
- Using controlled methods to dismantle structures and fences
- Preparing materials for transport to disposal facilities
- Installing a fence to enclose the vacated land.

### Where and when we'll be working

We will be working at 201 Bulleen Road (former Tao's Restaurant) from **Wednesday 22 September** until **early November**.

Working hours are **7am to 6pm** on weekdays and **7am to 1pm** on Saturdays.

Please note dates and times are subject to change.

### What this means for you

We will contact properties near work areas in advance to provide further information about planned disruptions.

During these works you may notice:

- Noise from machinery and equipment, such as vacuum trucks, excavators, tip trucks and cranes
- Traffic management personnel and signage to assist with access
- Normal pedestrian footpath access around work areas.

### Managing safety during property dismantling works

You may notice workers on site wearing additional personal protective equipment as part of dismantling works. These are specialised hygienists trained to safely handle any hazardous materials that may be present. We engage hygienists as a precautionary measure to protect workers, the community, wildlife, and the environment.

Hazardous materials identified on our work sites are carefully managed in line with the project's strict Environmental Performance Requirements and the relevant legislation. This includes safe disposal according to Environment Protection Authority (EPA) requirements.

Our community engagement team will be available to assist residents during the works. Safety is our priority and we ask for your assistance by following all instructions and signage.

**We appreciate your patience and understanding throughout these works.**

## Health and safety

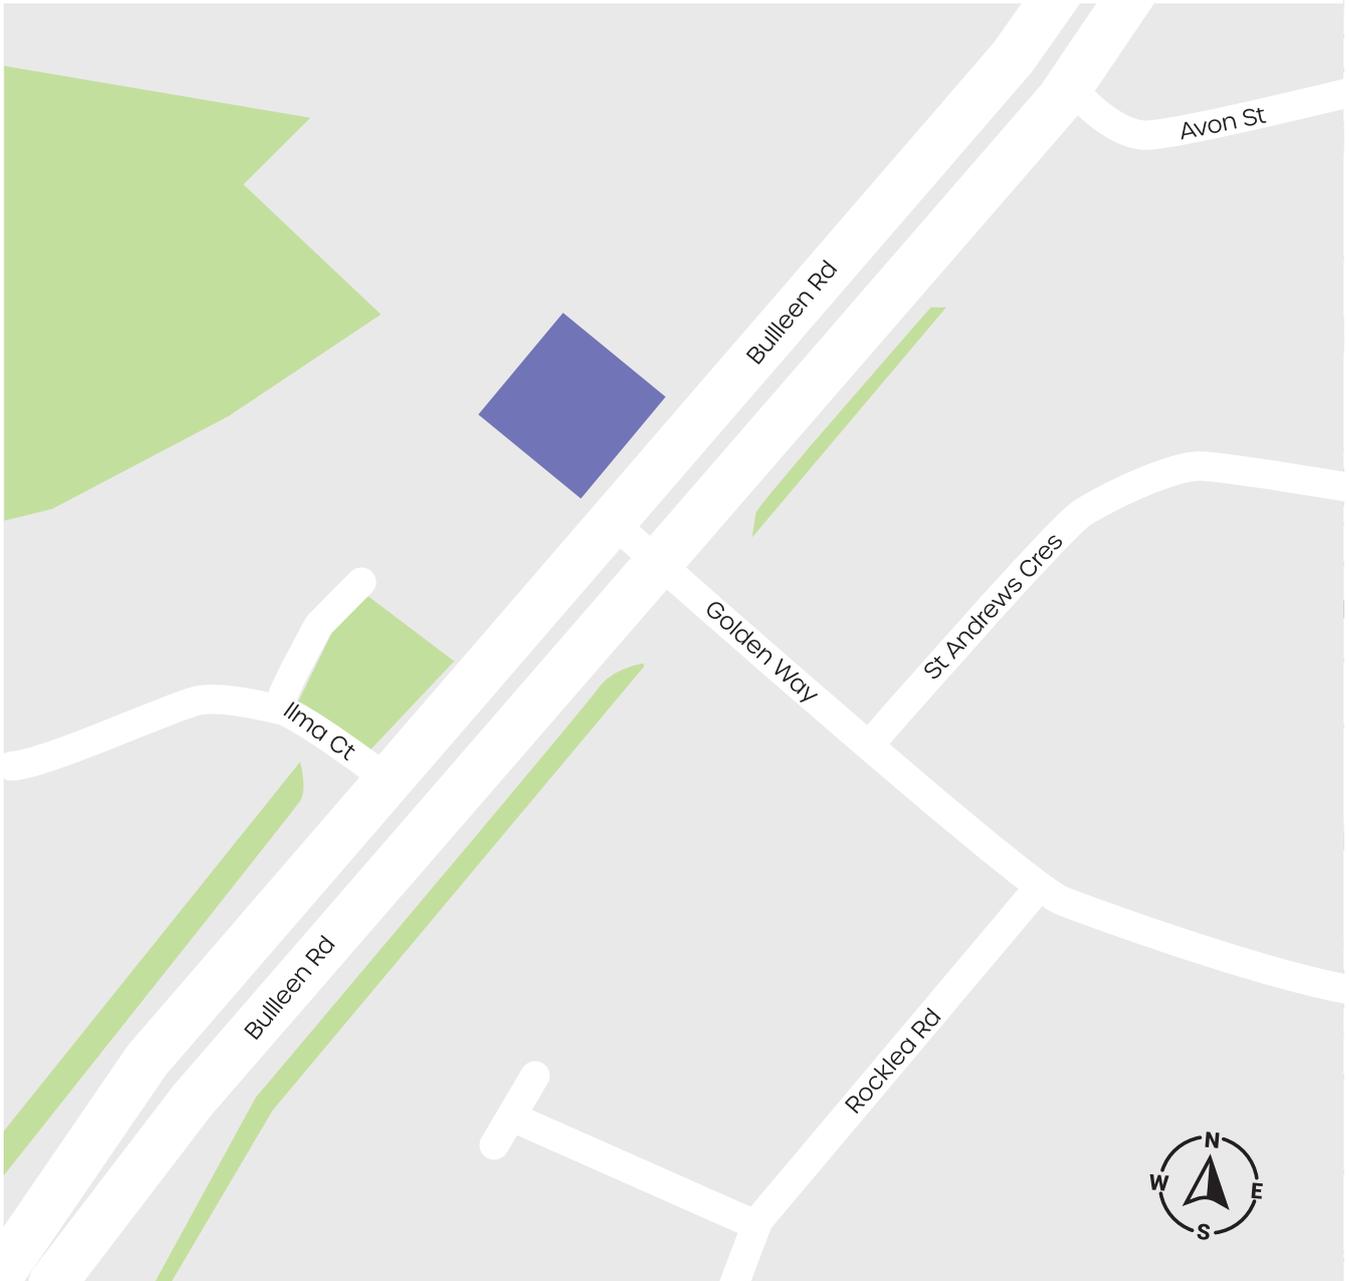

The health and safety of our workforce and community remains our top priority. Physical distancing measures are in place as well as increased hygiene practices. For more information about coronavirus (COVID-19) visit [coronavirus.vic.gov.au](https://coronavirus.vic.gov.au)
